macOS Mojave
Version 10.14.6

We operate on the Macintosh platform and support the latest versions of Adobe Creative Cloud software for Illustrator, PhotoShop and InDesign.

Please refer to our CALL-OUT GUIDE PDF when sending us technical drawings with depth and bevel specifics or any files with call-outs.

AdobePDF

If you are having a Brass die made with a multi-level emboss, deboss or sculpting, when possible, please supply a color and/or black & white PDF proof with call-outs indicating levels, treatment, etc....to help us interpret the 2-D proof into a 3-D die.

SENDING ART ON DISK

Artwork can be sent on a CD or DVD.

(All disks will be kept with project film).
